FAX: (847) 810-6730

Dear Valued Customers,

Honda Tsushin Kyogo, Honda Connectors' parent company, has recently announced a partnership with Panasonic Electric Works of Japan, to work closely on the promotion of connector products. As part of this agreement, Honda Connectors Inc (HCI) in North America will now become a Division of Panasonic Electric Works Corporation of America (PEWA)

To maintain strong service and support to our Customers, we will now be selling products through Master Distributor (Master) in North America. Therefore, any business regarding order entry, delivery, customer service and credit will be transferred from HCI to Master effective **July 30TH, 2010**. The newly formed Honda Connectors Division of PEWA will assume the other business functions including new business development and technical support, etc. Together with Master and with assistance of PEWA, we will continue our efforts to expand connector sales and to improve product support in North America. HCI highly appreciates your continued patronage. Your business is, and continues to be, very important to us and our goal is to remain committed to providing customer satisfaction and product excellence, which you will find with Master's outstanding support.

All shipments from HCI will be discontinued as of **July 27TH, 2010**, and, after that date, all shipments will be sent from Master.

Orders previously submitted to HCI will be processed and completed by HCI for all shipments up to **July 27TH, 2010**. Please reissue new PO's for any orders due to ship after **July 27TH, 2010** to Master and cancel incomplete PO's to HCI by **July 30TH, 2010**. Please place these orders as new PO's with Master.

Accounts receivables will still be processed by HCI on previous HCI orders.

Thank you for your understanding during this transition. Please call Customer Service as shown the below if you have any questions.

HCI : Tel ~~847-810-6700~~ 847-810-6700 Or, e-mail : sales@hondaconnectors.com

Master : Tel 888-473-5297 Or, e-mail : sales@masterdistributors.com

Sincerely,

Tatsuo Horii
President
